# Refreps

Iteration 4
Hunter Durbin, Maxwell Kidd, Annie Peabody, Jacob Cecil

**Also featuring:**
Colin as Mentor
Braden as Refreps Point of Contact

# FeedBack

## Client:

- Prevent students from seeking videos rather than requiring "90%" to process in course
- New type of user, Salesrep, that's essentially an admin of their assigned course.
- Students join courses via coupon code
- "You guys are blowing it out of the water" - Braden

## Mentor:

- Career advice
- Have coupon codes lead to registering accounts
- Have scrolling sections for dynamic lists.(i.e current student lists)
- "This has really come a long way" -Colin

# Future (5th iteration features)

- Course Creation form
- Course progression
- Surveys
- Text Boxes - Input via rich text editor
- Invite by email with student CSV
- Customize coupon codes
  - Admins/Authors should be able to make multiple codes per course

# Teamwork

**Hunter -** quiz api, route management, state management

**Max -** quiz edit page, documentation, aesthetics, update curriculum names

**Annie -** Displaying/sorting quiz grades, Viewing the corrected quiz, login and register pages, note taking

**Jacob -** Upgraded video player for course progression, aesthetics
