Refreps

Iteration 3
Hunter Durbin, Maxwell Kidd, Annie Peabody, Jacob Cecil

Also featuring:
Collin as Mentor
Braden as Refreps Point of Contact

FeedBack

Client:

- **Students info should be tied to emails**
- **Don't need functionality to roll students over into other courses.**

Mentor:

- **Prioritize tasks to be completed**
- **Reminder to update Dockerfiles**

Future (4th iteration features)

- Progressing through a course in order.
- Video watchtime enforcements.
- Surveys
- Textboxes
- Course invites over email
  - Admin invites instructor
  - Instructor invites students

Teamwork

Hunter- Authentication, and all backend logic, jack of all trades, mentor, tutor, Knower of most, the GOAT, the one that stackoverflow devs ask for help.
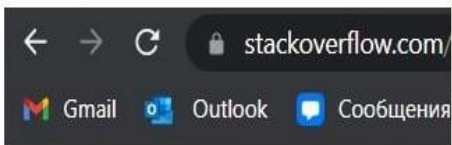

Max- Built the Quiz Builder component User documentation

Annie- Student and Author menus, Course duplication component, Quiz Score Result components, and notetaking.

Jacob- Setup student quiz view and this presentation.

Random

In memoriam to those affected by the Feb. 6th outage of Stack Overflow
